General Core Elective

If a course is repeated, only the last grade attempt is used in the pre-requisite gpa calculation. <u>Other pre-requisite courses must be completed with a "C" or better by the end of the Summer semester</u>. Courses exempted or articulated do not carry GPA points.

You can use the following link to calculate your prerequisite GPA: https://www.calculator.net/gpa-calculator.html

TEAS Testing:

All Radiology Technology applicants are required to take and attain the required score on an <u>in-person</u> Pre-Admission Assessment (TEAS) exam, prior to being accepted into the Radiology Technology Program. The ATI TEAS (Test of Essential Academic Skills) is a timed exam that includes questions in the following areas: English, Math, Reading and Science. Applicants are strongly encouraged not to take the TEAS exam until completing A&P I and II OR at least completing A&P I and some of A&P II. Applicants must also have a completed file prior to taking the TEAS exam (excluding <u>current</u> college coursework).

The Radiologic Technology program requires a minimum total adjusted individual score of 60%. Applicants have two opportunities (within a 12-month period) to achieve this score or higher and must submit these scores by the application deadline. Only the highest score of the two most recent attempts will be considered during ranking. We strongly recommend that anyone who does not pass the TEAS on their first try undertake remediation before their second attempt. Several copies of the 2024-2025 ATI TEAS Study Manual are in our SRTC Libraries. The TEAS study book can also be purchased online at https://atitesting.com/teas/study-manual.

Notification:

Letters & emails will be sent on <u>Thursday</u>, <u>June 05</u>, <u>2025</u> to notify students of their acceptance into the occupational courses of the program contingent on the successful completion of the highlighted pre-requisite courses with the required GPA by May 28, 2025 <u>and</u> non-highlighted pre-reqs ("C" or higher) of the non-competitive pre-requisites by the end of summer semester.

The number of available openings in the occupational courses varies based on the number of clinic slots in the program as a whole and may vary by campus and semester. Program accreditation sets a specific number of admission seats for the Radiologic Technology competitive admission program. Openings are filled from the highest pre-requisite GPA.

In the event of a tie a total score will be calculated using 60% - Prerequisite GPA and 40% - TEAS Total Score. (Applicants are allowed two attempts to take the TEAS – calculations will be made using the sum of the HIGHEST English, Math, Reading and Science scores).

Any student not admitted into the program may re-apply for the following year.

NOTE: Students will be required to complete Health Examinations and a Criminal Background report upon acceptance to the occupational part of the program. A current American Heart Association Health Care Provider BLS CPR card is required of all students entering the program. No other CPR cards will be accepted.
